

# Quick turnarounds to meet short timelines ... what JCC Cleveland does best

Speed and flexibility are the watchwords in our Cleveland, Ohio, facility. Our lean manufacturing culture and can-do attitude keep lead times short, so you can keep inventory low. From e-flute, triple-wall and RSCs to die cut containers and point of purchase displays, we supply corrugated products of all types and grades.

## > CLEVELAND, OHIO

### Exceptional production services and capabilities

We specialize in short lead times, with order quantities that range from less than 500 pieces to entire truckloads. Our capabilities cover everything from top-quality brown and white boxes, one- and two-color printing, industrial packaging and packaging supplies to custom design and inventory reduction solutions.

- Corrugated packaging solutions
- Stock boxes and folding cartons
- Foam and plastic packaging
- Retail POP packaging solutions
- Litho laminate containers
- Packaging supplies and equipment
- Third party packaging and fulfillment
- ISTA design and test lab
- Custom replenishment solutions
- Total optimization packaging software
- Cost reduction specialists
- Sustainability experts

### Seamless inventory management

Our exclusive Electronic Vendor Managed Inventory (eVMI) solution replenishes stock automatically as it's consumed. As a result, you save time, warehouse space and, most important, money.

### Outstanding design lab

Our expert designers apply the latest ArtiosCAD software to create high-performance solutions, and use our computerized Kongsberg cutting table for precise prototypes. Changes can usually be made within hours, and samples delivered in a day.

## Specialty equipment

Flexo folder gluers and rotary die cutters give our Cleveland plant the converting capacity to react quickly to your demands. We deliver just what you need, just when you need it, even when schedules are tight. That means you can keep costs down by keeping less inventory on hand.

## Specialty products

In addition to packaging, we also manufacture, assemble and distribute specialty products such as build up pads, wood to corrugated, foam to corrugated and foam to pallets. Our box on pallet program delivers pre-assembled bulk containers on demand – you receive them on the exact day you need them, all ready to pack and ship. You save time and money on purchasing, labor and assembly, and you don't need to maintain inventory.

## Specialty packaging

At Jamestown Container Companies, we specialize in making boxes in all styles, grades and flutes, in virtually any quantity, printed or plain, custom designed and delivered as needed. In business since 1956, we think of our customers first and act as their partners, providing solutions to their packaging needs. From our new Greenpac Mill, to our Niagara Sheets corrugator, to our Jamestown Container manufacturing plants, our supply chain ensures the highest quality corrugated packaging.

## Markets

- Greater Cleveland metro area
- Northeast Ohio
- Northwest Pennsylvania

*Our Cleveland, Ohio, plant is known for fast response to customer needs. In addition to corrugated containers, we also provide design, fulfillment and shipping solutions.*

*Creating precise prototypes is a valuable part of our design process.*
